'There With Me' – a song for Leavers' Assembly

Primary

A song which tries to reflect the mixed emotions of this very important moment of a child's life. The words help to articulate what the children might be feeling and perhaps not able to express readily.

Scored for upper voices (optional harmony) and piano. Backing track available.

Lyrics:

*An armful of caring, a heart full of sharing is what you mean today,
In class or in break-time, you always would make time to see I was OK.
You were there, come rain or shine; and sometimes said my work was fine.
Whatever I'm doing, wherever I'm going, you'll be there with me.
You'll be there with me.*

*There were some good days and some OK days, and some I wished would end,
If I was tearful, or if I was fearful, you'd still be my friend.
You were there, come rain or shine; and sometimes said my work was fine.
Whatever I'm doing, wherever I'm going, you'll be there with me.
You'll be there with me.*

*You've watched us all growing, now we'll soon be going, so we give you this song.
Learning is living, life is for giving and knowing right from wrong.
We can't say just how we feel, but we know the feeling's real
Whatever I'm doing, wherever I'm going, you'll be there with me.
You'll be there with me*

There With Me
